### NOTICE TO SKIPPERS No. 25/2023

Pursuant to Art. 14 sec. 1(4) of the Act of July 20, 2017 – Water Law (Journal Laws of 2022, item 2625 as amended) and Art. 43 sec. (6) of the Act of December 21, 2000 on inland navigation (Journal of Laws of 2022, item 1097 as amended). The Regional Water Management Board in Gdańsk informs that:

following an inspection of the shipping lane carried out by employees of SWH Polish Waters, **we would like to inform about an existing obstruction on the shipping lane of the Vistula River at the Bronisław Malinowski rail-road bridge at km 834+038 in Grudziądz** - works are being conducted there using scaffolding, which restrict the vertical clearance in the navigational span.

Extreme caution is advised when crossing the bridge due to ongoing works at the vertical and horizontal gauge.

We kindly ask you to exercise considerable caution and comply with the regulations.

Up-to-date notices to skippers are published on the website: <https://gdansk.wody.gov.pl/>
